

# Battery Energy Storage

Quality systems that will never leave you in the dark!

## LG Chem/StorEdge

- **LG Chem lithium-ion battery cell** offers powerful performance, compact design, long life span, and proven safety.
- **StorEdge inverter** manages and monitors battery and system energy while acting as a DC-optimized PV inverter. Easily pairs with LG Chem battery to provide an affordable all-in-one battery back-up solution.

## Generac

- **Generac** provides best-in-class battery back-up power. Its PWRCell smart battery has power and capacity options for every need, without sacrificing flexibility or function.
- **Generac PWRCell inverter** is capable of controlling multiple batteries and solar arrays, allowing you to easily add even more power and capacity if desired in the future.
